

AMENDMENTS TO THE CLAIMS

Please amend the claims as follows:

1. (Currently amended) A method for providing a freshly baked food product, comprising:

freezing a plurality of dough based crusts, and storing the frozen crusts in a first location;

freezing pizza toppings individually and separately from the crusts, and storing the frozen toppings separately from the plurality of crusts in a second location;

assembling a frozen food product by applying the frozen toppings individually on at least one of the frozen crusts; and

baking the frozen food product to produce the baked food product, wherein the baking step takes less time than for a dough crust that is frozen together with the toppings.

2. (Currently amended) The method of claim 1, ~~further comprising~~ wherein the frozen crusts and frozen toppings are stored separately from each other in a mobile unit.

3. (Original) The method of claim 2, wherein the baking of the food product comprises baking the food product in the mobile unit.

4. (Previously amended) The method of claim 1, wherein the food product is baked for less than about 5 minutes at a temperature sufficient for causing the crust to become substantially crispy and for substantially heating the toppings to produce a hot, cooked food product.

5. (Original) The method of claim 4, wherein the toppings comprise cheese, and the baking temperature is sufficient for melting the cheese.

6. (Original) The method of claim 4, wherein the baking temperature is between about 280 °C to about 450 °C.

7. (Original) The method of claim 4, wherein the baking temperature comprises an average temperature of above about 300 °C.

8. (Original) The method of claim 1, further comprising pre-baking at least one of the crust and toppings prior to the freezing thereof.

9. (Previously amended) The method of claim 1, wherein the toppings comprise a plurality of different types of toppings, and each topping is frozen by separately freezing the different types of toppings.

10. (Original) The method of claim 9, wherein the different types of frozen toppings are stored separately from each other.

11. (Original) The method of claim 1, wherein the toppings comprise cheese and tomato purée.

12. (Original) The method of claim 1, wherein the toppings are frozen by freezing and forming at least some of the toppings substantially as cubes.

13-21. (Previously cancelled)

22. (New) The method of claim 1, further comprising slicing at least some of the toppings to produce sliced frozen toppings.

23. (New) The method of claim 3, wherein the mobile unit is a vehicle.

24. (New) The method of claim 23, wherein the vehicle is a motor vehicle.
